

| <u>#</u> | <u>Lyme Preserve</u> | <u>Clue to reach the word location</u> |
|----------|--------------------------|---|
| 1 | Banningwood Preserve | Roses are red, violets are blue, if you want a view, you'd perch here too. |
| 2 | Beebe Preserve | It's the opposite of small, it's not flat, it is tall. To reach this big pile, you'll walk just one mile. |
| 3 | Brockway Hawthorne | You must wander on purple for a bit, in order for you to find a place to sit. |
| 4 | Chestnut Hill Preserve | You must go where the yellow and orange merge, to continue on your search. |
| 5 | Ravine Trail | There are 2 places you could go, to look over the old pond. To find this spot, you will walk further and yon. |
| 6 | Selden Preserve | We don't want to make it simple to see this view, so you will walk out on blue to get your due. |
| 7 | Honey Hill Preserve | You must look at the small animals map, to find where the pyramid is on tap. |
| 8 | Jewett Preserve | In order to get your wish, you must walk to the head of the fish. |
| 9 | Johnston Preserve | The highest point in Lyme is your due, if you follow the yellow for a few. |
| 10 | Johnston Preserve | To reach the overlook at this site, you must take the trail that is white. |
| 11 | Mount Archer Preserve | Maybe Goldilocks but probably no bruises, lived where what is now just ruins. |
| 12 | Plimpton Preserve | It is steep to get thither, but it is worth it to see the river. |
| 13 | Hartman Park | You don't have to go through too many hurtles, to find this rock known as turtle. |
| 14 | Pleasant Valley Preserve | To get to this spot for a view, you have to go high up to see sky blue! |
| 15 | Roaring Brook Preserve | Check the map and look for drainage , to continue on your epic voyage. |
| 16 | Thach Preserve | This bench is not on a circle, but you can find it on the purple. |
| 17 | Walbridge Woodlands | The only place that you can avail, the use of a well-crafted hand rail. |
| 18 | Young Preserve | In order to see this view, you need to get onto the blue. |
