

## Curiosity Shop 2024 Outdoor Adventures

**April 10 - Week 1: The Solar System.** Take a trek through a scale model of the solar system. Record fun facts about each planet. Then observe them from afar with a real telescope.

*Alan Sheiness and Jon Dean, Lyme Land Trust Astronomy Group. Helpers: Kristina White and parent volunteers*

**April 17 - Week 2: Safari! Signs of Wildlife.** See examples of animal homes and the signs they leave behind. See the critters that can be found in pond water and in leaf litter. Examine bird nests. Use safe materials to create your own to leave behind for birds to find.

*Jim Arrigoni and Wendy Hill, Lyme Land Trust Environmental Director and Town of Lyme Open Space Coordinator. Helpers: parent volunteers*

**5/1 - Week 3: Learn about seeds and how they become plants and flowers. Then plant seeds in a container to take home and watch them grow.**

*Caitlin Vickers and Diana Fiske, Lyme Pollinator Pathway. Helpers: Cecilia Lins-Morstadt, Tink Willauer, Rich Melchreit, and parent volunteers*

**5/8 - Week 4: What lives in the Eightmile River? Get a close up look at some of the cool live creatures that live in the river and learn about their adaptations.**

*Pat Young and Abby Bernstein, Eightmile River Wild and Scenic Watershed Committee. Helpers: Wendy Hill and parent volunteer.*
